

Tens of thousands try, *a fraction succeed.*

The CFA® credential, administered by CFA Institute, is the global sign of investment knowledge. Only individuals like those listed here — who have mastered three rigorous exams and gained at least four years of hands-on experience — earn the right to use the CFA designation. Around the world and close to home, you'll find CFA charterholders working at leading investment firms. So if you're looking for an investment advisor who offers objective insights, real-world experience and a commitment to putting your interests first — talk to a CFA charterholder. We're proud to salute these professionals, who have literally been put to the test. For more information about the CFA Program, please visit www.cfainstitute.org or call CFA Institute at 1-800-247-8132.
